NEW SERVICE:

Online [HELPDesk](#) Support!

I Need HELP NOW! [HELPDesk](#)
 Follow the [HELPDesk](#) link.

In addition to existing Remote Customer Support Services, we will incorporate the use of a secure online [HELPDesk](#) Support Service.

We are currently incorporating this service into our current range of outstanding IT support services.

Our Online [HELPDesk](#) Support services will allow us to remotely manage your computer while you watch, immediate results for immediate needs!

Call 3in1 at **209.931.0395** or **916.985.6500** and follow our [HELPDesk](#) support link to get hands on and personal support!

" When your computer has you down, Don't mouse around, Call the Kat! "

Providing the support your company needs.

Introducing Managed IT Solutions

Monthly Service Plans

Securing Your Future Today

Whether your company needs regular support from a long-term trusted partner, or a simple quick fix, our network support services will meet your needs.

Are you ready to save time, money and valuable staff resources? Let 3in1 develop a service plan tailored to meet your IT objectives, without the overhead cost of an in-house IT department.

traditional on call :: managed service plans :: remote help

Contact 3in1 today to schedule an appointment to develop a monthly service plan tailored to meet your technology needs.
